About Us

Refrigerated Food Express is led by a devoted management team dedicated to the core values of quality, customer service, technology and education. We are experienced professionals who are committed to honesty, fairness and quality transportation services.

Our history is our leadership

Refrigerated Food Express is keeping family tradition alive. The company is passionately led by two third generation women, CEO Kimberly Welby and COO Diana Rossi. Their families have been working together in the transportation industry since the early 1950's.

Our values

We succeed and grow with cutting edge technology and never waiver from our core foundation of morality, ethics and family values. We strive for excellence throughout the organization. The result is a sense of a tight bond with employees, customers and our community.

Mission Statement

As a team of transportation professionals, we are committed to the highest level of customer service and integrity. Since information and technology is ever-changing, there is a constant effort to educate and train. In a proactive environment that values individual creativity, we shall respectfully challenge each other striving for excellence throughout the organization.

We want to help

To find out how REFE can benefit you, please email www.runrefe.com or call 508-587-4600.

Our Services

Our highly trained and talented team of problem solvers utilize their expert logistics techniques to help you optimize your supply chain and provide you the most cost-effective and efficient solutions and services available.

Refrigerated Service

Our 53' refrigerated air ride trailers transport your frozen, deep frozen and temperature controlled goods. We can control your products' temperature across three zones providing you the greatest flexibility and product safety for your shipments. Our expert team will help you get the job done safely and accurately while handling the burden of selecting the most cost effective method of transportation for your needs.

Dry Van Service

We provide air-ride and regular heavy-duty van service. Utilizing tracking systems, we update you at driver pick-up, where your freight is at in transit and email you exact delivery times. Our network of qualified carriers run full truckload product on regular and irregular routes nationwide and into Canada and Mexico. We have 48' and 53' vans ready to roll for both standard transit and expedited loads.

Partial and LTL Service

We can service your LTL and partial truckload needs with the same dedication that we do with your trucked freight. With so many options available to you, let us help you select the best option to get your freight where it needs to be cost effective and on time every time.
